Book Club Choice

Cuckoo Song by Frances Hardinge

When Triss wakes up after an accident, she knows something is very wrong. She is insatiably hungry, her sister seems scared of her, and her parents whisper behind closed doors. She looks through her diary to try to remember, but the pages have been ripped out. Soon Triss discovers that what happened to her is more strange and terrible than she could ever have imagined, and that she is quite literally not herself. In a quest to find the truth she must travel into the terrifying underbelly of the city to meet a twisted architect who has dark designs on her family-before it's too late . . .

The Federalist Papers by Hamilton, Madison, and Rossiter. Originally published anonymously, **The Federalist Papers** first appeared in 1787 as a series of letters to New York newspapers exhorting voters to ratify the proposed Constitution of the United States. Still hotly debated, and open to often controversial interpretations, the arguments first presented here by three of America's greatest patriots and political theorists were created during a critical moment in our nation's history, providing readers with a running ideological commentary on the crucial issues facing democracy.

We have a class set of...
